

Food Safety: Five Steps to Food Safety¹

Jennifer Hillan and Linda B. Bobroff²

You cannot see, smell, or taste bacteria, but they can be in and on your food! Follow these five steps to protect yourself and your family from food-related illness.

Step 1: Clean

Wash hands and surfaces often.

Step 2: Cook

Cook foods to proper temperatures.

Step 3: Chill

Refrigerate foods promptly.

Step 4: Separate

Do not cross-contaminate.

Step 5: Use Safe Water and Food

Use water and fresh wholesome foods from safe sources.
