Low Income Energy Assistance Program (LIHEAP)

Eligibility:
Updated Yearly in October. Low Income Home Energy Assistance Program (LIHEAP) is a Federally-funded program that helps low-income households with their home energy bills. LIHEAP can help you stay warm in the winter and cool in the summer. By doing so, you can reduce the risk of health and safety problems (such as illness, fire, or eviction). The LIHEAP program in your community determines if your household’s income qualifies for the program. You must be a resident of the state of New Mexico and you must need financial assistance with home energy costs. In order to qualify, you must have an annual household income (before taxes) that is below the following amounts: See more info under Public Assistance Programs

Low Income Telephone Assistance Program (LITAP)

Eligibility:
Individuals are eligible if participating in one of the following programs:
- Medicaid
- Low-Income Home Energy Assistance Program
- Food Stamps
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance
- Temporary Assistance for Needy Families (TANF)
- National School Lunch
- Household income is at or below 150% of the federal poverty guidelines

Benefit/Service:
Lifeline assistance lowers the cost of basic monthly local telephone service. Thanks to Federal and State support, eligible consumers can receive $12.75 per month in discounts. Toll Denial Service (TDN) allows eligible consumers who wish to avoid incurring long distance fees to choose toll blocking at no cost if qualified for LITAP.
Basic monthly service is $15.28 per month which includes:
- Unlimited Local Calling
- 911 Calling
- Directory & Operator Service

Contact Information:
575-748-1241 or Toll Free: (800)-505-4844 or the Consumer Relations Division of the New Mexico Public Regulation Commission (NMPRC) at 1-888-427-5772.
**New Mexico Mortgage Finance Authority (MFA)**

**Eligibility:**
An MFA-approved mortgage lender will review your monthly income, expenses, employment history and credit report to determine what programs you are eligible for. The lender will also decide how much down payment and/or closing cost assistance you need and will recommend, if necessary, the appropriate second mortgage or grant program.

**Benefit/Service:**
The New Mexico Mortgage Finance Authority is a quasi-public entity that provides financing for housing and other related services to low- and moderate-income New Mexicans at no cost to taxpayers. As the state’s official housing agency, MFA administers more than 20 programs, initiatives and funding mechanisms that allow us to build affordable rental communities, offer emergency shelter, rehabilitate aging homes and provide rental assistance and subsidies. MFA partners with lenders, realtors, nonprofit organizations, local governments and developers throughout the state to make its programs and services available to all eligible New Mexicans. MFA has several programs that provide homebuyers with below interest-rate mortgage loans and assistance with down payment and closing costs.

- **MortgageSaver & MortgageSaver (Plus)**—MFA’s primary first-time homebuyers program; available to individuals or families.
- **HERO Program**—Non first-time homebuyers program; available to individuals in a specific occupations. Has a higher income limit.
- **Mortgage Booster**—Second loan amortized over 30 years with a low interest rate to help first-time homebuyers with minimum down payment and closing costs.
- **Helping Hand**—Zero percent interest second loan to assist disabled homebuyers with down payment and closing costs.
- **PaymentSaver**—Zero percent interest second loan to assist homebuyers with down payment and closing costs. May also provide additional assistance to homebuyers with a Section 8 housing voucher.

**New Mexico Mortgage Finance Authority Energy$mart Program Services**
If you qualify for the NM Energy$mart program, a residential energy efficiency professional will come to your home and evaluate it for energy efficiency and health and safety factors. Based on the evaluation, a recommendation will be made for customized upgrades that will make your home as energy efficient and safe as possible. The service providers will explain to you what work will be done and schedule a time to come to your home. Throughout the weatherization process, the health and safety of your household remain a priority. After the work is complete, an inspection will be performed, which may include MFA staff.

To be eligible for the Energy$mart Program, your household income must be at or below 200 percent of federal poverty guidelines. (See chart below) Priority is given to the lowest income households.

New Mexico Mortgage Finance Authority Home Weatherization Program

In 2007, 1,800 homes like these were improved through weatherization services made possible by the New Mexico Energy$mart program. Federal, state and utility funding provided $5.2 million to the program, which is administered through the New Mexico Mortgage Finance Authority. Weatherization services are performed by four non-profit providers located throughout the state. Households with incomes at or below 150 percent of the national poverty level are eligible for the program.

Weatherization work is performed by two service providers, one of whom provides services in the northern part of the state, the other the in the southern. Any home can be eligible, whether owned or rented, single family or multifamily. To apply for the NM Energy$mart Program, please contact the service provider from the list below. Be sure to call the provider that serves your county.

MEDICAID
Medicaid provides health coverage to millions of Americans, including children, pregnant women, parents, seniors and individuals with disabilities. In some states the program covers all low-income adults below a certain income level. Note: Medicaid is sometimes referred to by state specific names. Regardless of the various names, the programs are still Medicaid and are governed by federal Medicaid law and regulations.

Centennial Care
Eligibility:
Centennial Care is the new name of the New Mexico Medicaid program. Centennial Care will begin January 1, 2014 and services will be provided by three managed care organizations (MCOs). These services include physical health, behavioral health, and long-term care and community benefits. To be eligible for Centennial Care, you have to be financially eligible. The financial guidelines are set by the US Dept. of Health and Human Services and are called the Federal Poverty Levels (FPLs). The current guidelines require your income fall below the 138% FPL (see chart below for maximum income level). Different types of coverage in Centennial Care may have different FPL guidelines. Eligibility for all Medicaid programs requires that individuals meet certain federal guidelines, which include citizenship, residency and income requirements.

Most people who are currently enrolled in a New Mexico Medicaid program are eligible for Centennial Care. Eligibility for all Medicaid programs requires that individuals meet certain federal guidelines. These include citizenship, residency and income requirements

• It modernizes the Medicaid program without cutting back on eligibility or necessary services, or hurting our providers
• It aligns incentives in the system so that all parties—the state, the plans, the providers and the recipients—are working towards the same goal of better health at less cost
• It puts New Mexico among the leading states in the design and implementation of a modern, efficient Medicaid program
• It introduces “state of the art” techniques arrayed in a single, comprehensive system of care

Developmental Disabilities Waiver

(DD Waiver – Category 096)
The Developmental Disabilities Waiver (DD Waiver) serves individuals with mental retardation or specific related conditions and developmental disabilities that occur before the age of 22. Services provided through the DD Waiver are case management, personal care, residential and day habilitation, supported employment, community access, environmental modification, behavior support consultation, non-medical transportation, nutritional counseling, personal plan facilitation, tier III crisis support, goods and services, private duty nursing and dental care as well as physical, speech and occupational therapies. The New Mexico Department of Health, Developmental Disabilities Supports Division (DOH/DDSD) administers the DD Waiver.

Home & Community Based Waiver

(HCBS - Categories 90-96)
Home and community-based services (HCBS) provides opportunities for Medicaid beneficiaries to receive services in their own home or community rather than institutions or other isolated settings. These programs serve a variety of targeted populations groups, such as people with intellectual or developmental disabilities, physical disabilities, and/or mental illnesses. New Mexico allows the provision of long term care services in home and community based settings under the Medicaid Program.

Benefits
Programs can provide a combination of standard medical services and non-medical services. Standard services include but are not limited to: case management (i.e. supports and service coordination), homemaker, home health aide, personal care, adult day health services, habilitation (both day and residential), and respite care. States can also propose "other" types of services that may assist in diverting and/or transitioning individuals from institutional settings into their homes and community.
Eligibility
The State will continue to maintain a Central Registry for persons waiting for Home and Community Based Services who are not otherwise Medicaid eligible. However, the goal is that the number of people waiting for services will diminish with each year of the program. The Central Registry will be managed on a statewide basis using a standardized assessment tool and in accordance with criteria to be established by the State. Policies for managing the Central Registry will be based on objective criteria and applied consistently in all geographic areas served.

In some instances, individuals residing in a Skilled Nursing Facility for at least 90 days may qualify for an expedited allocation.

In order to register for the Home and Community based Service Waiver, consumers need to call the Aging and Disability Resource Center (ADRC). An Options Counselor will take the necessary information, create a file for the consumer and link them to any other services that may be available. While the ADRC holds the HCBS registry they do not determine eligibility or allocate services from the registry. The ADRC will process the assessment and pass on the information to the HSD who determines eligibility. However there are both medical and financial requirements that will also need to be met.

2018 Income Limit is $2,313/month with assets of $2,000.00. If a client is over this income MAD will inform them about an Income Diversion Trust.

How do I apply?
Contact the Aging & Long Term Services Division at 1-800-432-2080.

Medicaid Extension – Pickle Amendment Section 503
Eligibility:
Must have been simultaneously entitled to receive both social security (Old Age, Survivors, or Disability Insurance (OASDI) and SSI in some month after April 1977; Must be currently eligible for and receiving OASDI; Must be currently ineligible for SSI; and receives income that would qualify him for SSI after deducting all OASDI cost of living adjustments (COLA) received since the last month in which he was eligible for both OASDI and SSI, and meets the other eligibility requirements for SSI.

Benefit:
Medicaid coverage for persons who lose eligibility for SSI and Medicaid solely due to Social Security cost-of-living increases. The “Pickle Amendment“ extends coverage to people who meet SSI eligibility criteria when Social Security cost-of-living increases are disregarded.

Medicaid - Institutional Care
(Category: 081, 082, 084)
Eligibility:
Updated yearly in January. As of January 1, 2018 the maximum allowable countable income limit is $2,313 per month. (Persons with less than $50 in income must apply for SSI). The resource limit for this program is $2,000. For married applicants, special income and resource rules apply. An amount up to $119,220 of the couple’s resources can be protected for the non-institutionalized Spouse when one member of the couple begins institutionalization for a continuous period of at least 30 days on or after January 1, 2018. Different resource criteria apply depending on when the applicant is institutionalized. After being approved, a patient liability or “medical care credit” is
calculated and is paid to the institution to defray the cost of institutional care. A certain portion of the recipient’s income is allowed for personal needs ($72); non-covered medical expenses up to $104.90 for individuals who have Medicare effective January 1, 2018 and actual health insurance premiums; and an allowance for maintenance of spouse and dependents at home.

**Benefit:**
Coverage in nursing facilities and acute care hospitals, intermediate care facilities for the mentally retarded and acute care hospitals and includes: other medical care, equipment, medications, and supplies.

**Programs for All-Inclusive Care for the Elderly (PACE)**

**Eligibility:**
The Program of All-Inclusive Care for the Elderly (PACE) provides comprehensive long term services and supports to Medicaid and Medicare enrollees. An interdisciplinary team of health professionals provides individuals with coordinated care. For most participants, the comprehensive service package enables them to receive care at home rather than receive care in a nursing home. Financing for the program is capped, which allows providers to deliver all services participants need rather than limit them to those reimbursable under Medicare and Medicaid fee-for-service plans. The PACE model of care is established as a provider in the Medicare program and as enables states to provide PACE services to Medicaid beneficiaries as state option. Individuals can join PACE if they meet certain conditions:

- Age 55 or older
- Live in the service area of a PACE organization
- Eligible for nursing home care
- Be able to live safely in the community

**Benefit/Service:**
The PACE program becomes the sole source of services for Medicare and Medicaid eligible enrollees. An interdisciplinary team of health professionals provides individuals with coordinated care. For most participants, the comprehensive service package enables them to receive care at home rather than receive care in a nursing home. Financing for the program is capped, which allows providers to deliver all services participants need rather than limit them to those reimbursable under Medicare and Medicaid fee-for-service plans. Individuals can leave the program at any time.

**State Children’s Health Insurance Program (SCHIP)**

**Eligibility:**
For coverage effective January 2015, Modified Adjusted Gross Income (MAGI) will be the basis for determining both Medicaid and CHIP eligibility for children, pregnant women, parents and the adults enrolled under the new adult eligibility group created by the Affordable Care Act. Individuals age 65 and older and those who qualify for Medicaid based on disability are not affected by the new rules.

**Benefit/Service:**
SCHIP provides health coverage to children in families with incomes too high to qualify for Medicaid,
but can't afford private coverage. For the 2015 coverage year, eligibility and enrollment will be conducted by both the Federally-Facilitated Marketplace (FFM) and the State Medicaid and SCHIP agency, depending upon where the individual initiates their application for coverage.

**Working Disabled Individuals (WDI)**

**Eligibility:**
Individuals must meet the Social Security Administration’s (SSA) criteria for disability without regard to “substantial gainful activity”. The program also covers those individuals with a recent attachment to the work force. An individual is considered to have recent attachment to the work force if he/she 1) has enough earnings in a quarter to meet the SSA’s definition of a qualifying quarter, or 2) has lost SSI and Medicaid due to the initial receipt of Social Security Disability Insurance (SSDI) benefits, until Medicare entitlement. Earned income less than 250% of federal poverty level minus impairment-related work expenses.

**Benefit:**
Receive full Medicaid benefits with co-payments required (up to a maximum). Up to three months of retroactive coverage.

Medicare Part A-Hospital Insurance

Eligibility:
Individuals age 65 and older who are entitled to Social Security or Railroad Retirement benefits. Under age 65 on Social Security Disability for 24 months OR with End Stage Renal Disease (ESRD) or Lou Gehrig’s disease. You usually do not pay a monthly premium for Medicare Part A (Hospital Insurance) coverage if you or your spouse paid Medicare taxes while working. This is sometimes called “premium-free Part A.” If you buy Part A, you’ll pay up to $437 each month. In most cases, if you choose to buy Part A, you must also have Medicare Part B (Medical Insurance) and pay monthly premiums for both. Late enrollment penalty: If you don’t buy it when you’re first eligible, your monthly premium may go up 10%. (You will have to pay the higher premium for twice the number of years you could have paid Part A, but did not sign up.)

Benefit:
Part A Standard Premium - No charge for most people (at least 40 work credits – 10 years).
$437.00 per month for people with less than 30 work credits. (2019)
$240.00 per month for people with 30 or more work credits. (2019)

Medicare Part A (Hospital Insurance) covers hospital services, including semi-private rooms, meals, general nursing, and drugs as part of your inpatient treatment, and other hospital services and supplies. This includes the care you get in acute care hospitals, critical access hospitals, inpatient rehabilitation facilities, long-term care hospitals, inpatient care as part of a qualifying clinical research study, and mental health care.

Hospitalization Deductible:
- $1,364 deductible for each benefit period (2019)
- Days 1–60: $0 coinsurance for each benefit period
- Days 61–90: $341 coinsurance per day of each benefit period
- Days 91 and beyond: $682 a day for days 91-150 (lifetime reserve days)
- All costs for all days after 150

Skilled Nursing Facility Coinsurance:
- $0 for days 1-20
- $170.50 a day for days 21-100
- All costs for all days after 100

Hospice Care
- $0 for Hospice Care

Contact Information:
Medicare Part B - Medical Insurance

Eligibility:
Individuals age 65 and older who:

- Are entitled to Social Security or Railroad Retirement benefits.
- Or, currently reside in the United States and are either a U.S. citizen or, a permanent U.S. resident who has lived in the U.S. continuously for five years prior to applying.

Under age 65 on Social Security Disability for 24 months OR with End Stage Renal Disease or Lou Gehrig’s disease.

Part B Standard Premium - $135.50 per month (or higher depending on your income) if you sign up for Part B when you're first eligible. You'll pay a different premium amount in 2019 if:

- You enrolled in Part B for the first time in 2018
- Your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount
- For more information, visit www.medicare.gov

You pay $185.00 per year for your Part B deductible. After your deductible is met, you typically pay 20% of the Medicare-approved amount for most doctor services (including most doctor services while you're a hospital inpatient), outpatient therapy, and durable medical equipment.

If your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount, you may pay an Income Related Monthly Adjustment Amount (IRMAA). IRMAA is an extra charge added to your Part B premium.

Benefit:
Medicare covers services (like lab tests, surgeries, and doctor visits) and supplies (like wheelchairs and walkers) considered medically necessary to treat a disease or condition. Medically necessary services: Services or supplies that are needed to diagnose or treat your medical condition and that meet accepted standards of medical practice. Preventive services: Health care to prevent illness (like the flu) or detect it at an early stage, when treatment is most likely to work best. Coverage for many outpatient services including doctor’s visits, tests, preventive care, and some home health and hospice. You pay $0 for Medicare-approved Clinical laboratory services. $0 for home health care services. 20% of the Medicare-approved amount for durable medical equipment. You pay 20% of the Medicare-approved amount for most doctor services (including most doctor services while you're a hospital inpatient), outpatient therapy, and durable medical equipment. Eligible persons are
automatically enrolled at age 65 unless they decline enrollment. Late enrollment is open from January through March of each year; takes effect July 1 of that year. A permanent 10% penalty may be added for each 12 month period they were eligible for but did not enroll in Part B.

Medicare Part C-Advantage Plans

Eligibility:
Medicare Advantage Plans, sometimes called "Part C" or "MA Plans," are offered by private companies approved by Medicare. If you join a Medicare Advantage Plan, you still have Medicare. You'll get your Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) coverage from the Medicare Advantage Plan and not Original Medicare. Your out-of-pocket costs in a Medicare Advantage Plan depend on:

• If the plan charges a monthly premium
• If the plan pays any of your monthly Medicare Part B premium
• If the plan has a yearly deductible or any additional deductibles
• The type of health care services you need and how often you get them
• If you go to a doctor or supplier who accepts assignment (if you’re in a PPO, PFFS, or MSA plan and you go out-of-network)
• If you follow the plan’s rules, like using network providers
• If you need extra benefits and if the plan charges for it
• The plan’s yearly limit on your out-of-pocket costs for all medical services
• If you have Medicaid or get help from your state

Benefit:
Medicare pays a fixed amount for your care each month to the companies offering Medicare Advantage Plans. Companies must follow rules set by Medicare. However, each Medicare Advantage Plan can charge different out-of-pocket costs and have different rules for how you get services (like whether you need a referral to see a specialist). Medicare Advantage Plans must cover all of the services that Original Medicare covers except hospice care. Original Medicare covers hospice care even if you’re in a Medicare Advantage Plan. The plan can choose not to cover the costs of services that aren't medically necessary under Medicare. Medicare Advantage Plans may offer extra coverage, like vision, hearing, dental, and/or health and wellness programs. Most include Medicare prescription drug coverage (Part D). In addition to your Part B premium, you usually pay a monthly premium for the Medicare Advantage Plan.

Contact Information:
Medicare Part D-Prescription Drug Plan

Eligibility:
Most Medicare Prescription Drug Plans charge a monthly fee that varies by plan. You pay this in addition to the Medicare Part B premium. If you belong to a Medicare Advantage Plan (Part C) or a Medicare Cost Plan that includes Medicare prescription drug coverage, the monthly premium you pay to your plan may include an amount for drug coverage.

Monthly Premium for Drug Plans
Part D Base Beneficiary Premium - $33.19 (Used to determine any late enrollment penalty amount). Listed below are the 2019 Part D monthly income-related premium adjustment amounts to be paid by beneficiaries who file an individual tax return (including those who are single, head of household, qualifying widow(er) with dependent child, or married filing separately who lived apart from their spouse for the entire taxable year), or a joint tax return.

*Starting in early 2016, in most cases, your prescribers need to be enrolled in Medicare or have an “opt-out” request on file with Medicare for your prescriptions to be covered by your Medicare drug plan. If your prescriber isn’t enrolled or has “opted-out,” you’ll still be able to get a 3-month provisional fill of your prescription.

Benefit/Service:
Each Medicare Prescription Drug Plan has its own list of covered drugs (called a formulary). Many Medicare drug plans place drugs into different “tiers” on their formularies. Drugs in each tier have a different cost.

- A drug in a lower tier will generally cost you less than a drug in a higher tier
- Most people only pay their Part D premium. If you don’t sign up for Part D when you’re first eligible, you may have to pay a Part D late enrollment penalty
- The late enrollment penalty is an amount added to your Medicare Part D premium
- You may owe a late enrollment penalty if, at any time after your initial enrollment period is over, there’s a period of 63 or more days in a row when you don’t have Part D or other creditable prescription drug coverage
- The late enrollment penalty is calculated by multiplying 1% of the "national base beneficiary premium" ($33.19 in 2019) times the number of full, uncovered months you were eligible but didn’t join a Medicare Prescription Drug Plan and went without other creditable prescription drug coverage.

Benefit/Service:

If you are enrolled in Medicaid, Supplement Security Income (SSI) or a Medicare Savings Program (MSP), you are deemed and automatically enrolled in full Extra Help. You do not have to apply for this extra assistance.

If you become eligible, you will get a Special Enrollment Period (SEP) to enroll in a Medicare private drug plan. You will not have to pay a Part D premium penalty, even if you enroll in a Medicare private drug plan after you were first eligible. Depending on your income and assets, you may qualify for either “full” or “partial” Extra Help. With either, you will never have to pay the full cost of your drugs as long as you take medications that are on your plan’s list of covered drugs (formulary) and you buy them at a pharmacy in your plan’s network.

If you use mail order to get your prescriptions, you may be able to get a 90-day supply of your prescription for the same amount of money that you would normally pay for a one-month supply. Your costs will be even lower after your out-of-pocket drug costs reach $5,100 (catastrophic coverage).

Even if you qualify for Extra Help, you must choose a private plan offering Medicare drug coverage in your area in order to get the Medicare prescription drug benefit. For Extra Help to fully cover your premium, you must choose a plan that offers basic coverage and has a premium at or below the Extra Help premium amount for your state. If you do not choose a plan, you will be automatically enrolled in one in most cases. If you have Extra Help, you will be able to change Medicare private drug plans once per calendar quarter during the first nine months of the year. If you have prescription drug insurance through a retiree plan, check with your former employer or union to see if you can get a Part D plan and still keep your current health coverage. If you cannot have both, you will want to think carefully about whether you should get a Part D plan, especially if your retiree health plan also covers your spouse or dependents who are not yet eligible for Medicare coverage.

* If you will lose your retiree or union health coverage by enrolling in a Medicare private drug plan, you may not want to take Medicare drug coverage. Contact the New Mexico State Health Insurance Assistance Program (SHIP) to find out how you can opt out of Part D enrollment if you are enrolled in the Extra Help program.

TRICARE for LIFE

Eligibility:
TRICARE is available to active duty service members and retirees of seven uniformed services, their family members, survivors and others who are registered in the Defense Enrollment Eligibility Reporting System (DEERS). TRICARE is also available to members of the National Guard and Reserves and their families. Benefits will vary depending on the sponsor’s military status. TRICARE beneficiaries can be divided into two main categories: sponsors and family members. Sponsors include active duty service members, retired service members and National Guard/Reserve members. Family members are spouses and children who are registered in DEERS. Other eligible beneficiary categories include:

- Medal of Honor recipients and their family members
- Surviving family members whose sponsors have passed away on active duty
- Widows/widowers and children whose sponsors have passed away after retiring
- Un-remarried former spouses

Benefit/Service:
TRICARE offers several health plan options to meet the needs of its beneficiary population. There are several different health plan options available to beneficiaries. Availability for each depends on who you are and where you live. The dental program is a voluntary, premium-based dental insurance plan administered by United Concordia, Inc. Enrollment requires that sponsors must have at least 12 months remaining on his or her service commitment. TRICARE offers supplemental programs tailored specifically to beneficiary health concerns or conditions. Many of these programs have specific eligibility requirements based on
beneficiary category, plan or status. These programs include health promotion programs such as alcohol education, smoking cessation and weight loss.

BeWellNM - New Mexico’s Health Insurance Exchange.
It’s a marketplace where New Mexicans can learn about health insurance, compare plans and get ready to enroll.
If you don’t have health insurance, they are there to help you get covered. You may be able to get a health plan through the Exchange if you:
- Live in New Mexico
- Are not covered by an affordable health plan through work
- Are not covered by Medicare or Medicaid

The Exchange was created by state law in 2013 to help people get affordable health care coverage and is governed by a 13-member board. Their goal is to help New Mexicans find affordable health insurance that fits their needs Enabling Legislation.

New Mexico has a state-run exchange, beWellnm (also referred to as NMHIX, or the New Mexico Health Insurance Exchange), but they use the federal enrollment platform at Healthcare.gov for individual enrollments. For small businesses, New Mexico has its own SHOP exchange enrollment platform.

PROTECTIVE SERVICES

Adult Protective Services

Eligibility:
The Adult Protective Services Division is mandated by New Mexico law to provide a system of protective services to persons over the age of 18 who are unable to protect themselves from abuse, neglect, or exploitation. New Mexico has a “Duty to Report” provision in the Adult Protective Services Act (27-7-30) which states: “Any person, or financial institution, having reasonable cause to believe that an incapacitated adult is being abused, neglected or exploited shall immediately report that information to Adult Protective Services.” Adult Protective Services remains on call for emergent reports of adult abuse, neglect, and exploitation 24 hours a day, 7 days a week. Investigations are conducted through a network of regions and field offices that cover all New Mexico counties. Caseworkers meet with alleged victims in their homes to investigate allegations, perform assessments, and address immediate safety needs.

Benefit/Service:
Services include investigation of reports of abuse, neglect and/or exploitation; protective placement; caregiver services; and legal services, such as filing guardianship/conservatorship. Case management is provided to ensure that a comprehensive array of services is explored and accessed by persons in need of protective services. The Division’s efforts are targeted toward preventing and/or alleviating conditions that result in abuse, neglect and/or exploitation; preserving families; and maintaining individuals in their homes and communities. To support individuals and their families, the Division also provides home care, adult day care, and attendant care services. When necessary, APS provides short-term services, including emergency protective placement or caregivers, home care, adult day care, attendant care, and legal services, including filing of guardianship or conservatorship petitions in district court.

**SOCIAL SECURITY**
The two federal programs providing disability benefits are Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI). Some applicants may be able to receive benefits from both programs at the same time, while others may be eligible for one or none.

**Supplemental Security Income (SSI – Category 001,003,004)**

**Benefit/Service:**
Supplemental Security Income (SSI) is a Federal income supplement program funded by general tax revenues (not Social Security taxes): SSI provides monthly benefits to those who are facing financial difficulties due to low income and assets, qualifying them for disability payments as well as other benefits such as food stamps, energy assistance, and medical aid (Medicaid).

- It is designed to help aged, blind, and disabled people, who have little or no income; and
- It provides cash to meet basic needs for food, clothing, and shelter.
- Burial expenses provided for SSI recipients. Payment of up to $200 toward funeral expenses if available resources of the deceased are insufficient to cover costs and no other person will assume expenses. No payment is made when resources available from all sources total $600 or more.

**Eligibility:**
To qualify for SSI, you must have limited income and few assets. Social Security requires SSI recipients to have less than $2,000 in assets, for a single person, and $3,000 for a couple.

Anyone who is:
Aged (age 65 or older); blind; or disabled.
And, who:
- Has limited income; (2018 the limit is $771.00 for a single person and $1,157 for a couple.)
- Has limited resources; and
- Is a U.S. citizen or national, or in one of certain categories of aliens; and
- Is a resident of one of the 50 States, the District of Columbia, or the Northern Mariana Islands; and
- Is not absent from the country for a full calendar month or for 30 consecutive days or more; and
- Is not confined to an institution (such as a hospital or prison) at the government's expense; and
- Applies for any other cash benefits or payments for which he or she may be eligible, (for example, pensions, Social Security benefits); and
- Gives SSA permission to contact any financial institution and request any financial records about you; and
- Files an application; and
- Meets certain other requirements.

**Social Security DisabilityBenefits**

**Benefit:**
SSDI is available to those who have sufficient work credits through Social Security tax contributions in recent years. Medical eligibility for these two programs is the same and depends on whether you can engage in "substantial gainful activity" (SGA). The main definition of SGA is being able to earn: at least $1,220 per month in 2019 ($2,040 if blind).

Disability Determination Services (DDS), a state agency in charge of making disability determinations for the SSA. DDS falls under the New Mexico Division of Vocational Rehabilitation (DVR), which provides rehabilitation services like vocational retraining.
The State of New Mexico pays an additional monthly amount (called a state supplement) to disabled adults who can't live on their own and who receive SSI. Individuals who live in an adult residential facility or assisted living facility receive $100 per month in addition to the federal benefit of $710 (in 2016); a couple receives $200 additional per month. These supplements are supposed to help pay for personal care, such as eating, personal hygiene, dressing, and taking medicine. The New Mexico Human Services Department administers the state supplement; go to the New Mexico Human Services Department to get the application.
